

2021 subsidy program

To encourage a reduction in the consumption of potable water on its territory, the City of Saint-Lambert is offering financial assistance throughout 2021 to homeowners who replace a standard toilet with a low-flush model (6 litres or less per flush, dual flush or not). Owners of a residence located in Saint-Lambert who choose this option when they replace their old toilet will be able to obtain a grant of \$75.

Conditions of eligibility

- The owner of the building must have purchased a low-flush toilet (6 litres or less, dual flush or not) between December 1, 2020 and November 30, 2021.
- The application for the grant may only be made by the owner of the building.
- Up to two (2) grant applications per property will be accepted.
- The toilet purchased must be used to **replace** a standard toilet. **A subsidy will not be granted for the installation of a new toilet.**
- The application must be made by November 30, 2021 at the latest, and the new toilet must be installed before applying.

The City of Saint-Lambert reserves the right to end the grant program once the budget allocated to the program runs out.

To apply for the grant

To benefit from the subsidy, the owner must:

- Provide a photo measuring at least 3" x 5" of each standard toilet (maximum 2) before it is replaced;
- Sign and date the back of the photo;
- Replace the toilet;
- Provide a photo measuring at least 3" x 5" of each new toilet that is installed;
- Sign and date the back of the photo;
- Fill out and sign the application form;
- Provide a copy of the detailed bill.

BRING THE FORM AND THE REQUIRED SUPPORTING DOCUMENTS IN PERSON OR MAIL THEM TO CITY HALL:

Toilet replacement subsidy program

City of Saint-Lambert

55 Argyle Avenue

Saint-Lambert, QC J4P 2H3

The City will study the application and, if it qualifies, will mail a cheque to the applicant.
